ABOUT ME

I am an experienced wigs, hair and makeup Artist who has gained knowledge and skill since training as a beauty therapist in 2012. From a young age hair and makeup has been my passion. I previously worked for a film production company in 2014 which allowed me to understand the film and TV world. This is where I decided to take a leap with my makeup in the TV & film sector more seriously. I have been lucky enough to work on various film and TV sets and would love to continue my experience on large scale productions with a focus on period hair and makeup, wigs and SFX .
